STATE COLLEGE EXHIBIT SECURED FOR FAIR.

Arrangements for the Display Were Made Here on Tuesday.

Another big attraction was added to the already large list of features for the New London county fair when officials from the state college at Storrs came to this city on Tuesday and completed arrangements for exhibiting the Storrs display at the fair. This is a separate and distinct display from the one already mentioned as to be shown by the State Experimental station from New Haven and will occupy its own tent, 40x80 feet. This exhibit was already advertised by the Charter Oak fair at Hartford, but arrangements had not been completed when the progressive management of the Norwich ficials from the state college at Storrs gressive management of the Norwich fair butted in and, outstripping the Charter Oak people, secured this addi-

tional feature.

The display will give a daily demonstration of up-to-date canning and will also pay special attention to dairy methods, such as selective feeding for increased milk production and milk This feature is one that will prove of special benefit to grange members, according to County Agent Warner, but will also interest everybody.

PURE BLOOD MAKES HEALTHY PEOPLE

Hood's Sarasparilla removes scrofuls scree, boils and other erup-tions, because it drives out of the blood the humors that cause them.

Secretary Charles D. Hine, of the state board of education, is now in the hands of the printer, and it will be issued in printed form in the course of a few weeks.

Mr. Hine gives a historical summary of legislation for the promotion of education in the state for the past 200 years. In 1700 the state laid "a tax of forty shillings on every thousand pounds of the lists of estates" in every town, the money to be paid out proportionately to those towns only which should keep their schools ac-The average monthly wages of mer teachers was \$117.80, an increase of \$6.81 over the previous year, and of women \$61.63, or \$1.92 more than in 1912.

A fact worthy of particular notice is the increase in the valuation of school buildings, notwithstanding the number remained the same. In 1913 they were valued at \$21,097,280.67, and in 1914, \$22,351,928.65. This may be accounted for by the fact that new accounted for by the fact that new and more expensive buildings took the place of old ones, the number, therefore, remaining the same while the value was increased.

The revenue from all sources for schools in the state for 1914 was \$7.-017,313.29, or about \$15,000 less than for 1913.

The total expenditures for schools in 1314 was \$8,568,594.49. This amount-ed to \$5.52 per capita of the popula-tion of the state. Town Deposit Fund.

FOUND "NOT GUILTY Discharged After Hearing in City Court-Accused of Allowing Women

In the city court on Tuesday the only case before Judge John H. Barnes was the continued case against Theodore Ethier accused of allowing women to lotter on his saloon premises. Police Sergeants A. C. Matthews and John H. Kane were the witnesses against Mr. Ethier. Sergeant Matthews testified to one occasion when he saw four men and four women at night in the saloon where there is a rear door. Sergeant Kane also testified to seeing an automobile party with women in it come to this door at another time, and Chief Linton testified that there had been complaints about the place.

The saloon proprietor testified that two of the women in the party seen by Sergeant Matthews had their husbands with them and he told who they bands with them and he told who they were. He also said he knew about the automobile party Sergeant Kane had seen but these did not come into

Tudge T. J. Kelly, who was counsel for Mr. Ethier, contended that the evidence produced had not proved that there had been any loitering in the saloon on the part of the women and that they could not be expected to guip down their drinks and leave in a hurry, but they were entitled to stay a reasonable time after drinks had been served them. City Attorney Hall claimed that the law had been vio-lated as regards women in the sa-

Judge Barnes discharged the ac-cused, ruling that no loitering in this case had been proved.

PLAYGROUNDS CHILDREN SHOWED THEIR ACTIVITIES. Gave Interesting Demonstration at Mt. Pleasant Street School Yard.

A cheerful and approving throng of mothers and some fathers and other relatives and a lot of friends gather-ed at the Mt. GAS IS A TIME-SAVER No building of fires or carrying out ashes. Nothing to do but strike a match and the fire is ready.

A Gas Range is an Ornament in the Kitchen and a joy to the Cook.

Order now before the Summer rush.

We are also headquarters for Humphrey Gas Arcs, Weisbach Reflex Lights and Ruud and Vulcan Tank Water Heaters.
